Classroom Kit includes 4 Cameras and Nylon Carrying Case. Introduce your students to the fun and art of taking pictures and making their own videos with the Hamilton Electronics High Definition Digital Camcorder! This camcorder features High Definition 1280x720P video recording, 2.4" LCD display, 4x Digital Zoom and built-in Flash. Still pictures look great thanks to a 5MP image sensor (Up to 16MP Interpolated). Our camera is designed for the classroom with rugged construction. Recordings are saved directly to internal memory. No tapes to damage or lose! In addition to recording video, this camera can also take still photos, play MP3s and make audio recordings. Video files from this camera are recorded in the latest H.264 MPEG-4 video codec supported by Windows, MacOS and Linux PCs. Pick from AVI, WMV and ASF in-camera!
